

# Places Where We Like to Eat: Data from Ms. Cutter's Grade 3 Class

1. Cut out the data along the dotted lines.
2. Decide on a question you would like to answer about where Ms. Cutter's students like to eat.
3. Organize your data to help you answer that question.

You might want to try more than one question. When you have decided how you want to arrange your data, answer the questions on *Student Activity Book* page 1.
