

LogoPaths: 360 Steps

Use *LogoPaths Free Explore* to make rectangles with perimeters of 360 turtle steps. Make sure that some of your rectangles have sides that are not multiples of 10. If you can, make a square with a perimeter of 360 steps. Use the **Teach Tool** to name your solutions. Save your work when you are done.

Sketch at least four of the rectangles you made in the space below. Label the length of each side.
