

LogoPaths: 480 Steps

Use *LogoPaths Free Explore* to make rectangles with perimeters of 480 turtle steps. Make sure some of your rectangles have sides that are not multiples of 10. If you can, make a square with a perimeter of 480 steps. Use the **Teach Tool** to name your solutions. Save your work when you're done.

In the space below, sketch at least four of the rectangles you made. Label the length of each side.
